

• Introduction

Thank you for purchasing the BA-5 Promotion-On-Hold Adapter. This unit allows all phones on your lines to provide Promotion-On-Hold to your customers. The BA-5 can be installed on any telephone you wish. Once installed, all phones can access the unit. The unit is activated by pressing the **FLASH** button or by performing a **HOOK FLASH**, on your telephone, and then hanging up. The on-hold call can be picked up at any phone and the BA-5 will automatically reset. The BA-5 is simple to use and is compatible with almost every make and model of telephone.

• Installation

NOTE: If you connect the phone line to the BA-5 after you have powered up the unit, both lines will initially go on hold. To clear the lines simply pick up the phone and hang it up.

• Operation

• To place a call on hold

Do **NOT** press the hold button!!... Simply press the **FLASH** button on your telephone, wait for music, then hang up.

If you do not have a **FLASH** button on your telephone, perform a **HOOK FLASH** by momentarily depressing the **HANG UP SWITCH** on your phone, for ½ second, wait for the conformation **TONE**, then hang up.

The BA-5 will play music after the **FLASH** button has been depressed. After the start of the music, you have 5 seconds to hang up. After this time the BA-5 will reset.

• To release the hold condition

Pick up any phone that is connected to that line, and the adapter will automatically reset.

• Trouble shooting

• Hanging up on Callers?

Make sure that you wait until you hear the music in the telephone before you hang up after pressing the **FLASH** button!

• Lights

• Steady On

Indicates that line is currently in use by a phone. They also stay on when a line is not connected to the BA-5.

• Fast Flash

Indicates that the unit has detected a FLASH and is ready for you to hang up so that the BA-5 can hold the call.

- **Slow Flash**

Indicates that a call is ON HOLD.

- **Power Up**

On initial power up, the lights will alternately flash for 3 seconds.
